CONFERENCE TABLES

CUSTOM DESIGNS AND CONFERENCE TABLES

Our Kittinger sales representative and dealer can show you many options available to fit your exact needs. They'll work with you in selecting top size and shape, veneer, banding, inlay, edge treatments and base style. Our customs department takes this input and develops a design in keeping with Kittinger's standards of excellence. This process involves an ongoing exchange of ideas between Kittinger's designers and the customer until a satisfactory design is developed.

The design then goes to our Engineering Department for technical input. After the customer approves the final drawing, it is sent to the plant where the pieces are constructed. The result is custom designed furniture, which provides years of timeless beauty and elegance.

The following pages illustrate the various components to make up our conference table program.

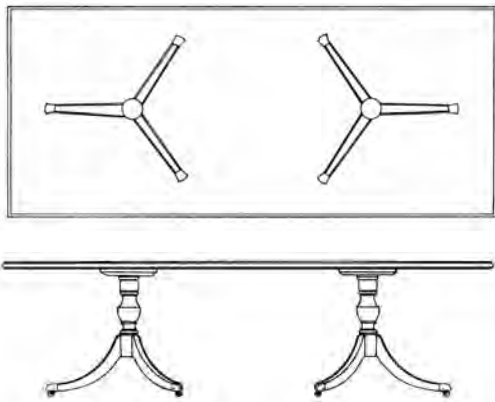

Maple cleating layout on underside of 9-section 36'x12' table for the summit conference at Williamsburg, Virginia. Craftsman shown stamping identification numbers to ensure proper set-up.

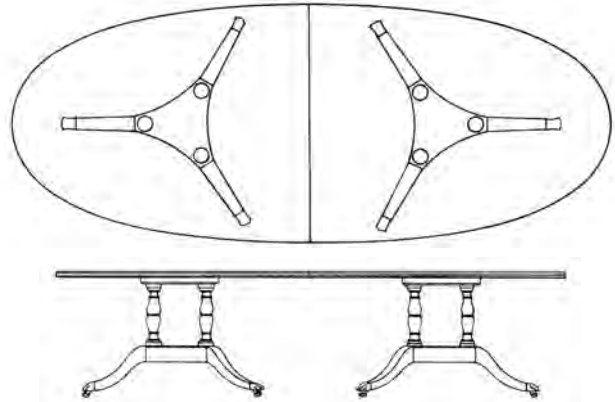

TOP SHAPES AND EXAMPLES OF TABLE CONFIGURATIONS

Choose a conference table in any size for any purpose. Each table, constructed from select mahogany and mahogany veneers, is available in a variety of rich shades and finishes.

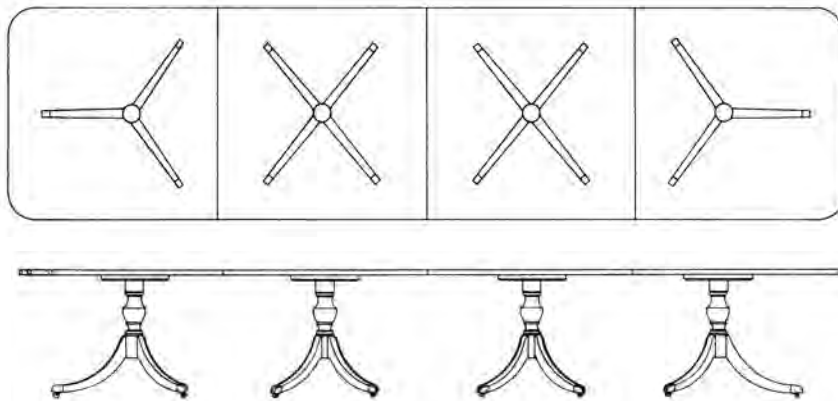

The following illustrations are examples of potential top shapes and base selections for custom conference tables. Structural cleating has been left off sketches for clarity.

Rectangular top with bullnose edge and two KT-8503 (3-sweep) bases.

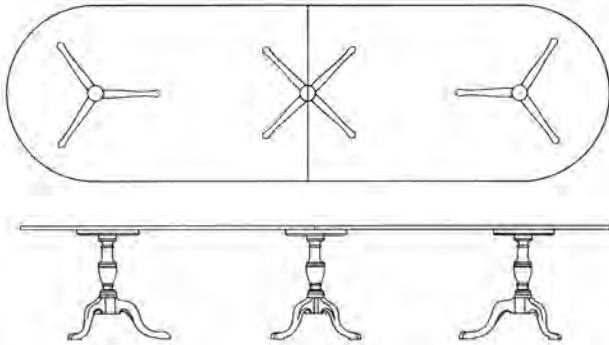

Oval top with reeded edge and two KT-8506 (3-sweep) bases.

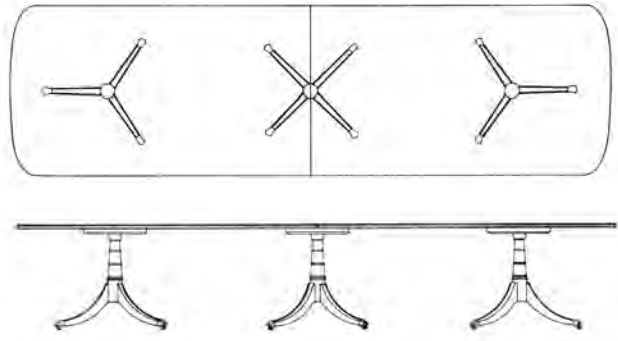

Rectangular top with rounded corners, square veneered edge, two KT-8503 (3-sweep) bases, and two KT-8603 (4-sweep) bases.

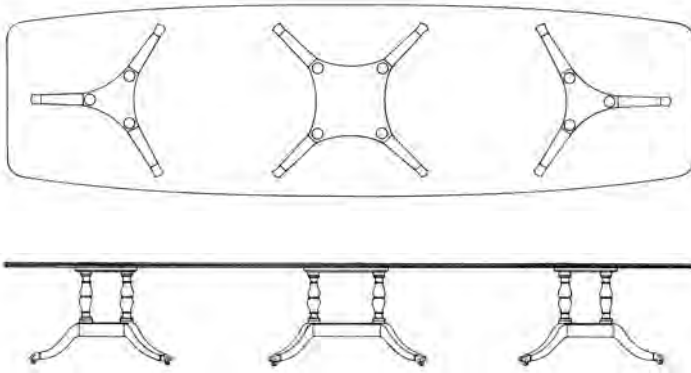

CONFERENCE TABLE

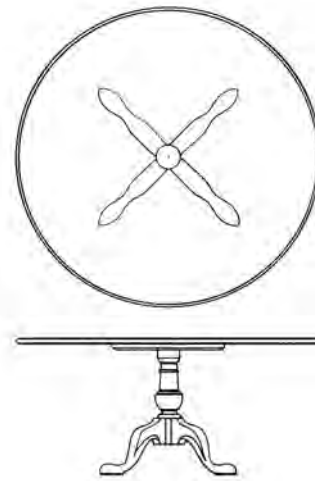

Rectangular top with half-round ends, two KT-8508 (3-sweep) bases and one KT-8608 (4-sweep) base.

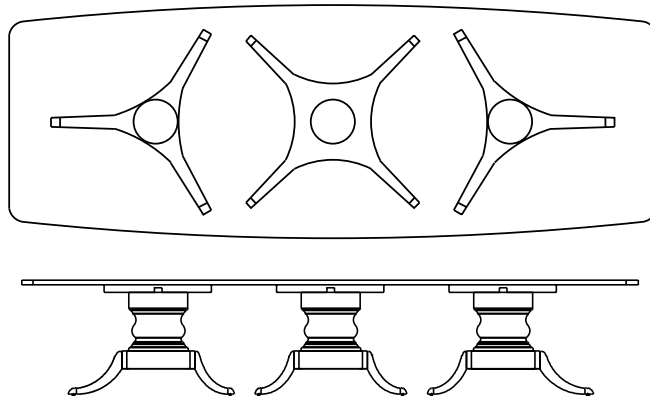

Rectangular top with "D" shaped ends, reeded edge, two KT-8501 (3-sweep) bases, and one KT-8601 (4-sweep) base.

Boat shaped top with "D" shaped ends, bullnose edge, two KT-8506 (3-sweep) bases and one KT-8606 (4-sweep) base.

Round top with bullnose edge and one KT-8607 (4-sweep) base.

Boat shaped top with rounded corners, reeded edge, two KT-8509 (3-sweep) bases and one KT-8609 (4-sweep) base.
